Dear visitor,

Via this page you can contact us regarding our portfolio of **"Pocket Listings"**.

By far the most properties for sale (say 99.9%) are offered for sale on the internet and we have access to them either directly or through our network and property databases.

On our website, you will only find a selection of these. Please contact us for a pre-selection based on your requirements.

WHAT IS A POCKET LISTING?

Also known as **Off-market property**, **silent sales** and **discreet sales** are all names for a form of property sale where the property is not advertised for sale to the general public.

There are exclusive high-end properties for sale where the owner does not want them to be publicly displayed on the internet and not advertised for sale through an MLS (Multiple Listing System) channel.

The property may only be sent by the estate agent to a direct and qualified potential buyer.

Would you like to receive such a Pocket Listing property? If so, please let us know.

After receiving your contact details through the application form, we will contact you to find out your specific requirements and if there are Pocket Listing that meet them, we will send them to you.

With sunny regards.
