2 living levels

General:

A vast, elevated plot, integrated into the green surroundings.

Well-kept exterior consisting of different levels, embellished with lawn and flower beds.

Heated infinity pool surrounded by a sun terrace.

Outdoor kitchen with barbecue, 'al fresco dining' area and sitting area.

Various sunny and shady terraces invite you to enjoy the pleasant Mediterranean climate.

Phenomenal, panoramic views over the lush valley towards the Mediterranean Sea.

Description:

Brand new luxury villa with an architectural, cutting-edge architecture.

Designed with sustainability and harmony with nature in mind.

Floor-to-ceiling windows fill the open-plan interiors with natural light while offering **panoramic views of the sea and mountain landscape.**

The design features a **minimalist sliding window system** with thermal break, maximizing natural light and minimizing exposed aluminum.

In addition to the **recessed large windows**, the **open-plan layouts** seamlessly blend the outdoors with the elegant interior.

Custom-made open-plan designer kitchen, equipped with quality appliances and a large central seating island.

Integrated dining area.

A total of 6 bedrooms, each with its own bathroom and 3 separate toilets.

On the lower floor there is a **separate guest or staff quarters** with its own kitchenette and living space.

Home cinema.

Office space.

Recreational area with a bar and chill-out area.

Fully equipped gym with adjoining sauna and hammam.

Wine cellar.

Laundry room.

Storage room.

Technical room.

Indoor garage for 2 cars.

Additional parking on site.

Other features:

Energy certificate A.

Lift to all floors.

Fireplace.

The **green roof** enhances the integration of the villa into the natural environment, increases energy efficiency, improves insulation and supports local biodiversity.

The use of **BMINUS skirting** boards provides an aesthetic appearance. They are seamlessly integrated into the wall, offer protection and create a sleek, spatial finish.

ECLISSE doors feature concealed frames that disappear completely into the wall, creating a refined finish.

Solar panels and batteries increase energy efficiency and sustainability.

Custom built-in wardrobes.

LED lighting.

Glass balustrades around the terraces.

Outdoor shower.

Alarm system with CCTV cameras.
